

MOSES OCHIENG ANYANGO

Automation Developer / Backend Developer

✉ mosesa.ochieng@gmail.com ☎ +254(7) 9303 0042 📍 Nairobi, Kenya 🔗 MyPortfolio

🐙 MyGithub 🌐 MyLinkedIn

📁 Profile

Experienced in backend systems development, RPA workflows and processes automation. Skilled in Java Spring Boot, and Python. I have a strong problem-solving mindset, I design clean, secure, scalable and maintainable enterprise grade solutions that support real business needs. I can work both independently and in collaborative environments. Passionate about creating secure tools that improves efficiency, strengthens system reliability, and drives operational excellence.

📁 Professional Experience

Automation Developer

08/2025 – Present

Equity Group Holdings plc.

Nairobi, Kenya

- Automation of manual, repetitive and tedious tasks such as but not limited to settlements, reconciliations, data cleaning processes at Equity Group using high code and enterprise tools such as Microsoft Power Automate for both scheduled tasks and manually triggered tasks.
