

MOSES OCHIENG ANYANGO

RPA Developer / Backend Developer

✉ mosesa.ochieng@gmail.com 📍 Nairobi, Kenya 🔗 MyPortfolio 🐙 MyGithub 🌐 MyLinkedIn

📁 Profile

Backend Developer with hands-on experience building scalable systems and process automations. Skilled in Java Spring Boot, API development, and workflow automation. I bring a strong problem-solving mindset, designing clean, secure, and maintainable solutions that support real business needs. I thrive in both independent and collaborative environments, consistently delivering high-impact features, reliable integrations, and performance-focused systems. Passionate about creating technology that improves efficiency, strengthens system reliability, and drives operational excellence.

📁 Professional Experience

Equity Group Holdings plc.

08/2025 - Present

Robotic Process Automation Developer

Nairobi, Kenya

- Automation of all manual, repetitive processes such as payments and reconciliations, data cleaning processes at Equity Bank Kenya Ltd. and Equity Group using automation tools such as Microsoft Power Automate cloud for scheduled tasks and desktop for manually triggered tasks.
